for Interior  
Floors, Walls,  
Trim & more

## Simply Beautiful

Sikkens understands the challenges you face in selecting high quality, affordable and easy-to-use finishing products. Sikkens has developed Interior products specifically for Interior wood surfaces to help you protect and keep your Home looking *Simply Beautiful*.

### ■ Interior Products to Know

**Cetol®** is the brand name of Sikkens products that fall into either the Translucent or Clear categories. When you see a product with Cetol® on the label, this product will allow you to see all the wood grain and character of the wood (although depending on the product it may color the wood.)

### **Cetol® Interior Stain** *Beautiful Color*

---

Cetol Interior Stain is a full-bodied waterborne stain formulated with exceptional ingredients like transparent iron oxide pigments for unsurpassed color clarity and rich, uniform staining results. Cetol Interior Stain should be topcoated with Cetol BL Interior Clear.

### **Cetol® Log Decor** *Color and Finish in One*

---

Cetol Log Décor is an Interior translucent waterborne Stain/Finish combining both color and finish in just one product. It is a urethane fortified acrylic formula which is non-yellowing, low-odor, scratch-resistant, and easy to clean.

### **Cetol® BL Interior Clear** *Waterborne Protection*

---

Cetol BL Interior Clear is a urethane fortified acrylic coating that provides a durable finish to most Interior woodwork. The product can be used alone or over Cetol Interior Stain. The results are an even color reflectance with resistance against wear and tear.

### **Cetol® UV Interior** *Natural Beauty*

---

Cetol UV Interior is a waterborne formula for Interior woods where a clear matte finish is desired. It is ideally suited for light colored wood surfaces such as pine, and contains a special U.V. inhibitor to retard the yellowing effects of ultraviolet rays. The finish is resistant to daily wear-and-tear and can be applied on walls in saunas. For use on bare wood only.

**Cetol® Interior Clear**  
Oil Based Durability

Cetol Interior Clear is a solventborne Transparent coating that gives a durable satin finish to all Interior woodwork. It enhances the natural beauty of the wood grain while providing a hard-wearing and scratch-resistant finish. It can be used alone or over Cetol Interior Stain.
